

Andrea D. Crider, MA, RPA

Principal Investigator-Archaeologist

PROFESSIONAL RESPONSIBILITIES

Ms. Crider oversees archaeological surveys and prepares reporting of findings in Kentucky, Ohio and Indiana. She represents ASC in a marketing capacity at events and meetings in Kentucky. She prepares project cost proposals and composes a variety of work scopes to meet the requirements of numerous state and federal agencies. Her projects include small-scale maintenance projects, large scale surveys for natural gas pipelines, transportation projects, commercial development, and surface mining to large-scale Phase III mitigation projects. She works with various agencies including the U.S. Army Corps of Engineers, Federal Energy Regulatory Commission, Federal Communications Commission, the Federal Aviation Administration, and the Natural Resources Conservation Service.
