

# Stephanie Kline

## NEPA/Laboratory Technician

### Education

The Ohio State University,  
Columbus, Ohio  
BA Anthropology

### PROFESSIONAL RESPONSIBILITIES

Ms. Kline has a wide range of experience in archaeological field surveys and mapping, laboratory techniques, and artifact processing and curation. Her present duties for ASC Group, Inc. include Categorical Exclusion documentation, archaeological field survey, artifact analysis, and report editing. She processes and catalogues artifacts, conducts prehistoric and historic artifact analysis, database management, oversight of artifact returns and curation, general laboratory management and supervising of technicians, and report preparation. She also participates in Phase I and Phase II archaeological surveys and supervises field technicians.

### EXPERTISE

- Ohio Archaeology
- Artifact Analysis and Cataloging
- Artifact Preservation and Curation
